

The Quickstart Guide to ArgoNet: You fish, we track.

ArgoNet: provides all services and hardware necessary to meet NMFS requirements for VMS

Information Available at: www.nacls.com or may be mailed upon request

Point of Contact: North American CLS, Inc.
9200 Basil Court, Suite 360
Largo, MD 20774
Phone: 301-341-1814
Fax: 301-341-2130

Product and Pricing Information:

Hardware: MAR GE Argos/GPS transmitter; \$2000 FOB in Largo, MD (shipping extra)

Service: Automatic data processing and distribution; \$5/transmitting day

Display Software: Elsa99, shoreside vessel monitoring software; \$1000, \$100 per chart

Reporting Software: ArgoNet Manager, onboard reporting software; \$500

Reporting Hardware: Psion keypad terminal, onboard reporting unit; \$550

Purchase Procedure:

- Contact NACLS to request ArgoNet contract and credit card (Visa/MC) authorization form or credit information form.
- Credit authorization will include hardware and one year's service, to be billed automatically.
- Complete and return contract and credit authorization or information (may be faxed).

Installation Procedure:

- MAR GE shipped pre-configured and ready for installation.
- Installation of hardware arranged and paid for by vessel owner.
- Installation of unit by the vessel crew or by a marine electronics specialist in a location that a) is out of the beam of any radar devices, and b) has a clear view of the sky.
- Installation typically takes less than 1 hour.

Commission Procedure:

- Confirm activation initially by observing status lights that appear on the MAR GE junction box.
- Confirm with NACLS during normal business hours no less than 8 hours after initial activation
- Confirmation can also be provided by the Argos Operator on a 24 hour basis. Confirmation provided only to those who know the assigned Program Number, Argos Username and Password (all vessels belonging to one owner may be grouped under a single Program).
- Complete and return enclosed Vessel Registration Form

ELSA Software:

- ELSA installation and activation require one business day prior to use.
- Vessel position may be accessed via Internet 24 hours a day at no extra cost.

ArgoNet Manager Software:

- ArgoNet Manager installation and activation require one business day prior to use.
- This software provides: Argos GPS display, GPS position logging, and catch reporting.

Warranty:

The MAR GE is warrantied for a period of 3 years from date of purchase. An additional 2 years warranty coverage may be purchased (at a cost of \$200) prior to the expiration of the standard warranty. Replacement units are available within 5 business days of return of a malfunctioning MAR GE unit.
